

Exterior colour options

Valtti exterior paint systems

Add colour to your building, with a durable, low maintenance paint applied to the assembled panels of your building before delivery.

The option will include the exterior of the building having two brush applied coats, giving your building the best start in a long life. On delivery we will also leave you with a touch up can of the colour chosen for future maintenance and where any possible shrinkage lines may appear.

Valtti Opaque wood finish

Valtti Opaque is a semi-matt microporous high performance flexible water borne paint for wood. Valtti Opaque offers good weather resistance, great flexibility and has an extremely durable low maintenance finish. With excellent colour stability and dirt repellence.

With a great selection of colours to choose from, please remember that the colours shown are an indication of the colour and can not be taken as an exact replication, shades may vary, for many reasons. Colour samples can be requested.

Valtti exterior wood stain finishes

Add colour to your building, with a semi transparent wood stain applied to the assembled panels of your building before delivery.

The option will include the exterior of the building having two brush applied coats, giving your building the best start in a long life. On delivery we will also leave you with a touch up can of the colour chosen for future maintenance and where any possible shrinkage lines may appear.

Valtti Colour

Valtti Colour is a full matt, low build solvent bourn translucent wood finish.

Valtti colour absorbs well into the timber and enhances the natural beauty of wood .

This semi-transparent wood finish protects the wood surfaces from the adverse effects of moisture and UV light, without covering up the beautiful wood grain.

With a great selection of colours to choose from, please remember that the colours shown are an indication of the colour and can not be taken as an exact replication, shades may vary, for many reasons. Colour samples can be requested.
